

Jan. 31, 2020

D37 Parents and Guardians:

The Lake County Health Department is working with federal, state, and local agencies to monitor the Coronavirus. They are working with their partner agencies to share key information about the virus with travelers returning from China, healthcare providers, and residents. Please read the attached letters (in English and Spanish) from the Health Department that contains facts about this new virus. As the letter states, the Lake County Health Department currently believes the immediate risk to the public remains low. This information will also be shared with all D37 students and staff.

Our Central and South school health assistants are, and will continue to be, in direct contact with the Lake County Health Department as necessary.

Sincerely,

Julie A. Brea, Ed.D.

Superintendent

Gavin School District 37
